Technical Data

Standard Coil Lengths

30 metres

Other lengths available on request

Materials

PVC is manufactured from crystal clear PVC compound

Operating Temperature

-15°C to +60°C

Working Pressure

For pressure applications we recommend the use of reinforced PVCB tubing.

Unreinforced PVC is NOT recommended for use in pressure applications

Bend Radius

For information regarding this data, contact our sales office

Chemical Resistance

Resistant to most oxidising and reducing agents including dilute acids and alkalis.

For further information, contact our sales office

Approvals

Raw materials used have FDA, BGA and BIPRA approval for use with foodstuffs

Technical Advice

For assistance, contact our technical office or your local Camozzi distributor.
